

Dear High School Guidance College Counselor,

The African American Museum of Bucks County (AAMBC) has been in existence since 2014 and although we do not have a brick and mortar building, this has not hindered us in presenting positive and innovative educational programming to the youth of Bucks County. We are in the process of renovating a building to house our evergrowing collections and act as a place where students can come to learn of the rich African American heritage of Bucks County.

The AAMBC seeks to recognize student achievements by celebrating and awarding high school seniors who are dedicated to serving their school and their community. We have established the **Millard Mitchell Scholarship** as a way to suppprt deserving graduating high school students who intend to further their education by attending a post-seondary school. The **Millard Mitchell Scholarship** is a one-time award of at least \$1,000.00 dollars presented to at least four youth who intend to further their education and who have been accepted by an accredited post-secondary institution. Millard Mitchell was a founder of the African American Museum of Bucks County who valued education and believed that students should be recognized based on talents, leadership, academic achievements and community service as well as but not necessarily need. The scholarship will be awarded in June, 2024 and will be applied to the students' educational expenses for the 2024-2025 school year. Scholarship funds will be released directly to the college.
